NEW WAY TO CLIP BLIND TIGER'S CLAWS

Judge Menefee Takes the Booze
Away Before Suspect Has
Chance to Sell It.

Police Judge John N. Menefee, Jr., believes that a "stitch in time saves nine" and that "an ounce of prevention is worth a pound of cure." At least one would judge that he is a believer in those old time adages from the original methods which he employs in handling the cases of alleged "blind tiger" operators which come within his cognizance in this city.

Stanford has been dry for several years, but there is a large amount of booze received here by express. Judge Menefee has been keeping his eye on the traffic and last week when Bill Lee, a well known Negro, got five quarts out of the express office, Judge Menefee sent for him. He told him that he knew he did not get that much liquor for any legitimate purpose; and that unless he brought it into court at once, he would send and get it and also jail Lee for having liquor in his possession in dry territory for the purpose of sale. Lee stood long upon the order of his going after the liquor when he saw that Judge Menefee meant business. He brought the five quarts into court and seemed glad to get off so easily.

Judge Menefee says that if the records of the express office here could be examined they would show that over 300 quarts of whisky have been received here in Stanford since the last week in January. He has not ascertained just who got all of the illicit stuff, but says he is going to make it interesting for the recipients if he can find that any of it is being offered for sale.

Judge Menefee has also gone after idle loafers with a vengeance, and says that he intends to clear the city of all who frequent street corners with apparently no visible means of support. He fined Frank Masonheimer, of Danville, \$10 and costs for vagrancy. Chas. Haughman, a Negro, got 30 days in jail for vagrancy and a fine of \$25 and 10 days in jail for carrying concealed a deadly weapon. Kate Walker caught a fine of \$20 on a statutory charge, and was dismissed on a vagrancy charge, as she showed that she had a means of support.

Lincoln County Boy

Winning Fame and Fortune In
Mining Game Out West.

J. L. Tanner, a former Lincoln county boy, who is making a fortune in the mining game at Spokane, Washington, in renewing his subscription to the I. J., writes these notes, which will be of interest to his many friends here:

"I have been living here for the past four years in 'Sunny Old Spokane,' known far and wide as the apple-show town of the world, and also for its mild, equable climate. We read about the blizzards and miserable weather they have back East and the middle West, and while it is true we have some cold weather here, it turns cold or hot so gradually we scarcely notice it, and business goes on here almost undisturbed.

The mining industry in the famous Coeur d'Alene mountains of Idaho, some 60 to 75 miles from here, has been largely instrumental in building up Spokane from a mere hamlet 25 years ago to a city of nearly 150,000 inhabitants, and for its size, one of the busiest cities in the world.

Tell Mr. E. C. Walton if he is not already located and he ever means to leave 'the best town on the map' to come out here, as we need him to help make of Spokane by 1915 a city of a quarter of a million. I am now in the mining business. Our mines consist of nearly 700 acres, situated in the Coeur d'Alene district, and are in gold, silver, copper and lead. We are known as the Mammoth Lead Mining & Milling Co., and are capitalized at \$3,000,000.

Come, Get A Book

Report of Agricultural Department of Interest to Farmers.

Probably the most complete compendium of information on Kentucky's agricultural wealth and possibilities ever gotten up is the biennial report of the State Department of Agriculture, Forestry and Immigration just issued by Agriculture Commissioner M. C. Rankin at Frankfort. Besides being a perfect encyclopedia of information on all topics of interest to Kentucky farmers, the volume contains in synopsis complete information about every county of the State, and then takes up by incorporated cities of the State by counties and gives valuable information concerning each. The books also contain an agricultural map of the State, showing the diversified products of each county, which alone is a valuable addition to any home.

The editor of the INTERIOR JOURNAL has received about 100 copies of these volumes from the State Department of Agriculture for distribution among its friends, and will give them out as long as they last; first come, first served.

Grand Master Here To-night.

A large attendance is expected at the regular meeting of Stanford Lodge of Odd Fellows to-night when Grand Master I. N. Williams, of Lexington, will be present to inspect the lodges and deliver a short address. Delegates from the Odd Fellows Lodges of Crab Orchard and Lancaster will be present to greet the high officer.

Stanford Negro Paroled.

Jim Hocker Released After Serving
Eight Years for Wife Murder.

News has just been received here that through the efforts of J. M. Alverson the prison commission has paroled James Hocker, or James Dawson, a Stanford negro, who has been in the penitentiary a number of years for the murder of his wife. Hocker has been one of the best prisoners ever in the penitentiary, the officials there say, and has never had a mark against him for misconduct of any kind. He has served about eight years of a life sentence.

As ordinary paroles do not take effect until 30 days after being granted, he will not return here for about a month.

Rain at Right Time.

Will Help Oats Crop, But Farmers
Not Pleased With Wheat.

Farmers in this part of the State are feeling good over the rainfall of Sunday afternoon and night, and say that they could stand a little more and not suffer. They say that it came at just the right time to do the most good to the oats crop, of which a large acreage is expected this year.

Wheat in this section is not doing much good this season, according to the best posted farmers. The lack of covering of snow to protect the young and tender shoots during the extreme cold of February and even before that in January, hurt the prospects very much. A number of farmers became so discouraged over the prospect for a good yield that they plowed up their wheat fields and planted oats for a later crop.

Hocker, leader, Thursday, March 24, Mrs. J. G. Carpenter, leader, Friday, March 25, Mrs. W. M. Bright, leader, Saturday, March 26, Mrs. Wm. Severance, leader. The lecture room of the church will be the place of each meeting, excepting the last one, which will be held with Mrs. C. E. Tate. The time is 2:30 each afternoon. All are most cordially invited to attend. The meeting on Friday will be at 10 A. M.

Visitors Very Welcome.

Public School Room Receiving
Most Will Win Prize.

Visitors are very welcome at the Stanford Graded School just at present, for a prize of a handsome book has been offered to the grade which has the largest number of visitors, patrons and friends to call before a certain stated time. There is much friendly rivalry and competition between the different rooms, and it is said that the youngsters go out to the highways and byways to invite their guests in.

The second open session of the Literary Society of the school was held Friday afternoon, and there was a splendid attendance. The eighth grade pupils rendered the program, which was exceptionally good and was enjoyed by all.

Second Masonic Register.

The Mt. Vernon Signal says that after three years effort S. C. Franklin, secretary of Ashland Lodge No. 610, E. & A. M., has perfected a members' register, which is the second one to be made in the State of Kentucky. The book is indexed and shows the name and date of initiation and much other information regarding every member of the above lodge from its organization in 1817 down to 1910. This work is of remarkable interest to all Masons who have traveled the Eastern road through the halls of old Ashland. Among the names of charter members of 1817 appear the following: J. C. Williams, Henry Frederick, R. G. Williams, A. C. Dysart, Alfred Smith, David N. Lewis, M. R. Moore, Charles and W. H. Kirtley, William McClure, B. K. Bethurum, M. J. Miller, James L. Joplin, Willis and Thomas K. Adams and others. With the exception of J. C. Williams, now of Carthage, Ill., and J. L. Joplin, of Harrodsburg, Ky., all have passed over the dark river and to the Grand Lodge on high.

BRAKEMAN HELD UNDER BOND OF \$150

To Answer to Grand Jury on The
Charge of Shooting "Buck-
skin Bill" Dalton.

Tom Evans and Will Foley, brakemen on the L. & N. between Rowland and Livingston, were both arrested, charged with firing the shot which broke the right leg of "Buckskin Bill" Dalton, the 15-year-old lad, at Rowland, last week. Both men denied the charge, but indications pointed to the guilt of Evans and he was held in \$150 bond to await the action of the grand jury, next month. His home is in Rockcastle county.

Information as to the identity of the brakemen on the trains which passed up the road from here last week on the day of the shooting, was obtained through the railroad officials; and when the crews came back to Rowland on the return run, officers took the two men in charge and held them before County Judge Bailey.

A conductor on one of the freight trains, for it seems, that two pulled out at almost the same time that day, gave the officers the most tangible evidence that could be secured until the wounded boy's limb knits sufficiently for him to appear in court. The conductor said that he did not know that either of the two men had fired the shot, but if they had, he knew that it had not been Foley. Upon this statement, Foley was released and Evans held. He gave the bond required, with Dick Hampton as surety.

Small Crop of Lambs

Expected This Season, As Old
Sheep Are in Poor Order.

Sheep raisers in this section of the State are busy right now taking care of the lambs which are arriving, but old breeders say that the lamb crop this season will not be up to the normal. The old sheep are in bad shape as a result of the very severe winter, and in consequence the supply of lambs will not be of the best.

"The old sheep are in very bad shape," said a well-known sheep raiser today. "Many of the lambs of this year's crop were born early during the late cold weather and fully two thirds of them perished. Very few sheep breeders were prepared to care for lambs in such cold weather so late in the season. The lamb crop is going to be very short in Lincoln and the surrounding counties this season."

Will Soon Move West.

J. L. Johnson, of King's Mountain, is making preparations to join his family at Hood River, Oregon. He is arranging his business affairs preparatory to leaving. His son and family have been settled in the Western country for some time and say they are greatly pleased with the country and the people. There is quite a colony of Lincoln county people in the Hood River country, which is not far from Portland, and all of them keep in touch with affairs at home through the I. J.

Baby Dies at Moreland.

Measles, grip and whooping cough seem to be epidemic in the Moreland and Hustonville sections and over in Casey county. The little ten-months' old son of Mr. and Mrs. Thompson Hughes, of Moreland, died last week of pneumonia and whooping cough. A number of other children are reported ill with these maladies of childhood.

Don't Break Down.

Severe strains on the vital organs, like straining machinery, cause break downs. You can't over-tax stomach, liver, kidneys, bowels or nerves without serious danger to yourself. If you are weak or run-down, or under strain of any kind, take Electric Bitters, the matchless tonic medicine. Mrs. J. E. Van de Sande, of Kirkland, Ill., writes: "That I did not break down, while enduring a most severe strain, for three months, is due wholly to Electric Bitters. Use them and enjoy health and strength. Satisfaction positively guaranteed. 50c at Penny's Drug Store."

Always a Candidate.

In declaring himself a perennial candidate for Congress in this district, Fountain Fox Robbitt, the sage of Crab Orchard, declares in a card:

"I am a candidate now, while Spring is robbing herself in green and decking herself with flowers and when Summer comes with her fervent heat and more gorgeous flowers and ripening berries, I shall still be in the Congressional blackberry patch; and when November comes with its mournful winds sighing through the leafless trees, I shall still be in the arena; and after the snowy halloos shall cover me with defeat, then kind old Winter can spread her snowy blanket over me, and the next term, Phoenix-like, I shall rise again for another race, until I go where Congressional honors are dim, or perchance such honors will not keep off the heat."

Half a million dollars, a record high price for a painting, was paid for the celebrated portrait of Franz Hals, the Dutch painter, and his family, painted by himself. The purchaser was Otto Kahn, the banker. J. P. Morgan bid between \$350,000 and \$400,000 for the picture.

Gov. Wilson signed the bill appropriating \$10,000 for the Home for Incubables, supported by the King's Daughters. Most of the other appropriation bills will get the ax.

BLOODY BATTLE TO DEATH IN GARRARD

Creed Turner Killed By Luther
Ray, Who May Also Die From
Wounds Received.

As the result of a shot gun and pistol duel Thursday afternoon at Bourne, Garrard county, Creedmore Turner is dead and Luther Ray is mortally wounded, with but little hope of his recovery. Both were prominent farmers living on adjoining farms. Bad feeling had existed between them for some time. Several years ago Turner was indicted in the Garrard circuit court for a minor offense and Ray was a witness against him. Recently the old grudge was rekindled by a quarrel over a corner stone, it is said, which marked the boundary line of their farms. Since then they had carried guns and further trouble was expected. Late Thursday afternoon as Ray was entering the gate leading from the turnpike to his farm, Turner, accompanied by two relatives, came along. The meeting was accidental, but it was the signal for immediate hostilities. It is not known who fired the first shot, but Turner and Ray began shooting at each other at close range with double barrel shot guns. When these were emptied each drew their pistols and continued firing until both were severely wounded. Although both were bleeding and almost ready to drop in their tracks, they reloaded their weapons and continued firing until Turner was dead and Ray had five bullet wounds in various parts of his body. Between 25 and 30 shots were fired. Ray's most serious wound is in his head, where a slug from Turner's gun took effect. He was also shot in the abdomen and shoulder. He was removed to his home and Thursday night was able to tell the sheriff of the battle. Dr. Mack Elliott dressed his wounds.

Turner, the dead man, is a former native of Bell county, but moved to Garrard several years ago. He was related to "Old Jack" Turner, leader of the Turner family in Bell county several years ago, and who was killed in a Pineville hotel. He was also related to Lee Turner, of "Quarter House" fame, but was not in the Quarter House fight, having left Bell county several years before its occurrence.

Ray is a member of a prominent and numerous Garrard county family. He killed Edward Brown at Buckeye several years ago.

As a result of the coroner's investigation Friday of the tragedy, Gilbert Turner, son Creedmore Turner, was placed under arrest as an accessory, it being alleged from the testimony before the coroner's jury that he participated in the battle and fired several shots at Ray.

Frank Turner, cousin of the dead man, was exonerated, as it was shown that he was unarmed and did not join with his kinsmen in the fight.

New Bank at Liberty

Subscriptions to Stock Being So-
lolicited—Other Casey News.

A movement is on foot among Casey county capitalists for the establishment of another bank at Liberty. E. L. Gadberry, who has been teaching school at Middleburg, is soliciting stock, and will be cashier if the plans mature. It is proposed to start with \$15,000 capital. Two banks will make the capital of the State of Casey quite a financial center.

The Casey County News says that at the sale of personal property at R. B. Jaaper's, deceased, everything sold high: sheep at \$6.50, hogs at 6c, cattle \$4.90, corn \$3.75, four yearling nudes over \$100 each. The Bonta tract of land of 2,600 acres on Damron's Creek, below Dunnville, has been sold to Wm. Hobson at \$16.25. The little daughter of Abe Harrison, of Peck, sustained a broken limb by a falling horse last week. Her father was on the Casey grand jury and was excused to go home. Mrs. J. F. Gaddberry and daughter, Ruth, of Phil, who were visiting in Boyle and Garrard counties, were called home on account of her son Luther, having measles. Mrs. Melissa Adams, who is very ill, was brought back home from Deming, New Mexico.

News has been received from New Castle, Ind., of the death of Miss Anna Sharp, who was reared on Brush Creek, but had been there for three years, where she had a good position as a clerk. Her death was caused by acute indigestion. She was a splendid young woman, a member of the Christian church and a daughter of the late Logan Sharp, of Brush Creek. Her remains were brought to Brush Creek for burial, after funeral services by Eld. J. Q. Montgomery.

Good Meeting at Logan's Creek.

The meeting at Logan's Creek church, conducted by Rev. J. J. Dickey, assisted by Rev. E. O. Hobbs, has grown in interest at every service since its beginning, three weeks ago. The services have been suspended during this week, but will be resumed next Saturday night, to be continued ten days longer.

The Lash of A Fiend.

Would have been about as welcome to A. Cooper, of Oswego, N. Y., as a merciless lunge-racking cough that doled all remedies for years. "It was most troublesome at night," he writes, "nothing helped me till I used Dr. King's New Discovery which cured me completely. I never cough at night now." Millions know its matchless merit for stubborn colds, obstinate coughs, sore lungs, la grippe, asthma, hemorrhage, croup, whooping cough, or hay fever. It relieves quickly and never fails to satisfy. A trial convinces. 50c. \$1. Trial bottle free. It's positively guaranteed by Penny's Drug Store.

Tobacco Bams Going Up.

Tobacco bams are going up all over the county. It is estimated that fully a dozen new barns will be built before the season is over to take care of the greatly increased production of tobacco. Will Stone has just contracted to put up a large, modern combined stock and tobacco barn for A. T. Traylor and another for Daniel Traylor.

Cannon's Reign Ended

Insurgent Republicans and Demo-
crats Down Speaker at Last.

Speaker Cannon, of the House of Representatives, on Saturday, lost the ancient prestige and weapon of that office when the allied republican insurgents and democrats took from him not only the chairmanship of but even membership in, the all-powerful Committee on Rules, the chief asset in his stock of power.

Amid scenes of wildest disorder, for the like of which one must go back to the exciting days just prior to the civil war, the veteran speaker, almost 74 years old, stood erect and defiant, his head "bloodied, but unbowed." And at the end, when a big Texan democrat accepted the speaker's daring challenge and introduced a resolution to fling him out of the Speakership, the republicans, regulars and insurgents, with few exceptions, rallied with almost unbroken party front and gave him a vote which almost offset the "reputation of Cannonism."

This is what happened: By a vote of 191 to 155 the republican insurgents voting solidly with the democrats, the House adopted the resolution of Representative Norris, republican of Nebraska, requiring a reorganization of the Rules Committee, increasing its membership from five to ten, and declaring the speaker ineligible to membership thereon.

By the curiously identical vote of 191 to 155—but with a decidedly different personnel of alignment—the House defeated a resolution by Representative Burleson, of Texas, declaring the speakership vacant and ordering an immediate election of a successor to Mr. Cannon.

Were Burglars Busy?

The lock on the door of the grocery of M. O. VanDever, on East Main street, was broken last Thursday night, and an intruder evidently visited the store-room for some ulterior purpose. Mr. VanDever found the cash drawer pulled wide open when he came down Friday morning, but as it had contained only a few pennies, no money was secured. So far as he could ascertain, nothing was taken from the stock of the grocery.

Free Garden Seeds.

Congressman Harvey Helm has just sent to the INTERIOR JOURNAL a sack of garden seed, which he says are to be distributed among its friends. Each package of seed contains corn, carrots, lettuce, radish, watermelon, parsnip and turnip seeds. The friends of the INTERIOR JOURNAL are invited to come to its office and get these seeds as long as they last.

F. M. Marshback, of North Carolina, and Miss Maggie Hamilton, the attractive daughter of Mr. and Mrs. A. H. Hamilton, were married at the home of the bride's parents at Mt. Vernon, the Rev. C. C. Metcalf officiating. Mr. and Mrs. Marshback will likely remain in Rockcastle.

Gov. Charles H. Haskell was exonerated of the charge of misappropriation and mismanagement of State funds in a report filed in the Legislature at Guthrie, Okla., by the House committee composed of five democrats and two republicans.

John L. Isaacs, aged 62, former Commonwealth's attorney for the Laurel county district and well known throughout this section of the State, died at his home at Isaacs, in Jackson county.

FEAST OF WISDOM AND FLOW OF SOUL

Marked Gathering of Men As
Guests of Popular Huston-
ville Christian Pastor

The banquet given by the adult Bible class of the Christian church of Hustonville Friday evening, March 18th, was probably one of the most notable events in the recent history of this church, beginning, as it does, a new era, in an effort to enlist the manhood of the church in an active service. The spirit of good will and christian fellowship prevailed, and it was demonstrated that men can enjoy themselves in considering the great interests of the kingdom of Christ.

At 7:30, approximately, 100 men gathered at the church and marched in a body to the Opera House, where an elaborate menu was served. Rev. W. S. Willis, minister of the church and teacher of one of the Bible classes, acted as toast-master. He voiced the sentiment of all present when he said that in attempting to express his appreciation of the good things the ladies had so graciously prepared for the occasion, he felt like the little boy who chanced upon a sugar barrel and wished for a thousand tongues and time to do the subject justice.

At the conclusion of the feast, the first speaker, Rev. D. M. Walker, of Stanford, was introduced. His address on "A Man's Place in the Kingdom of God," was a study of the developing principles of human life under the tutelage of the Divine Teacher. The keynote was sounded when he said that the cause of Christ was worthy of the best brain and the best blood of American manhood.

This was followed by an address on "Our Boys," by Mr. S. S. Robinson, of the Hustonville graded school, and all felt that the speaker was certainly well prepared to take his place in the development of the boy life of Hustonville.

Mr. W. G. Montgomery came next on the program with "Our Citizenship" as his subject. He declared that it was time for the church to enter politics and to carry the principles of the Man of Galilee into public life.

Prof. J. N. McVey, of Burnside, next spoke in a most interesting way on "Over the Hills to Hustonville." Rev. W. H. F. Jones, of the Baptist church, spoke on "Our Ministry" and the keynote of his remarks was that the man who responds to the conscious call of God to enter the christian ministry has indeed undertaken a man's job; and that instead of the church being a field to be tended by the minister, it is a power to be wielded.

The last on the program was Rev. F. M. Tindler, of the Lancaster Christian church, his subject being, "Our Homes." He declared that behind our National and church life lay the home, and that upon it depended the christianizing of the race.

Delightful music at frequent intervals made the occasion more enjoyable, and all are indeed grateful to Mr. Willis and the ladies of the church for the evening's enjoyment.

Lizards Crawling,

So Fishermen Are Getting Tackle
And Bait Ready.

Died in the wool disciples of Izaak Walton are getting out fishing tackle and beginning to dig bait, preparatory to an onslaught on the finny tribe, if the weather continues favorable. Dix river and Hanging Fork are said to be full of fish this spring just waiting for the anglers to come after them. Among those inveterate fishermen getting ready for the spring campaign are Ed. Wilkinson, George H. Farris, J. C. McClary, Jim Reid, Henry Farris, J. C. Hays and others. The fishermen say that when the lizards begin to crawl, bass are getting ripe, and the signs are all pointing that way now. The fishing season at the reservoir opens the 15th of May and closes the 1st of September, but only the members of the Fishing Club are permitted to angle there.

NEWS NOTES.

SOME REAL GOOD, AFTER ALL.

PAPERS over the State are having much to say about the recent session of the General Assembly, and most of them agree that it did very little in the way of real benefit. Very few laws that it enacted were of much importance to the people at large, while a great many of them carried "jokers" which will really make them more helpful to the "interests" than to the masses of the people. Of course, a large number will be benefited by the increase in salaries, and generous appropriations made; that is, a large number of office-holders; and with the augmentation of the emoluments of office, positions in the ranks of this already populous body of public servants will undoubtedly become more than ever alluring to the faithful.

However negligible may have been the actual legislative benefits of the session just closed, there can be no doubt but that it accomplished much good in that it revealed in their true colors a number of hitherto so-called leaders of the democratic party, and some among the republicans, too. Without the legislative searchlight several who seemed to have stood in the front line for further honors from the people, might have received these honors and then made the burden still greater on their parties and the people. Men who openly violated pledges to their constituents during the session just closed are eliminated from further consideration for preferment. Had their true character not been revealed by the legislative work, no one can say to what extremes they might not have gone, if allowed broader and higher fields of operations by still deluded constituencies. But their political existence is ended. It is well to rid the State of political leaders who evidently hold so lightly the wishes of those who elevated them to office, and disregard with such impunity their pre-election promises. We do not believe that the democratic party will be held responsible in the next State election for those democrats in the House and Senate who constantly voted contrary to the will of their people any more than it could be held responsible for the men, elected as democrats, who refused to support their party's nominee for United States Senator, and assisted in the election of a republican. The party is well rid of such "embezzlers of power." The Legislature may have accomplished much real good after all.

It seems to us that fate has been unusually cruel, in a political way, to Will Price, of our neighboring county of Boyle. Three times he has been considered by the democrats of this district for high honors, only to become eliminated in one way or the other. And every time he has come up smiling and as hot for the ticket and the nomination as if he himself were at its head. Of course, no one has ever expected anything else from such a true and loyal democrat as he is known to be, but to take three doses of medicine and then come up with a grin, ready for more and shouting for the party's victory, indicates a little better brand of democracy than the ordinary run of candidates carry in stock. When such fidelity to party is combined with the unquestioned ability possessed by the gallant young attorney, the party should keep its eye on the man, and at the first opportunity thereafter, express its appreciation of such proven devotion in no unsubstantial form.

GOVERNOR WILSON vetoed the legislative act providing pensions for the ex-Confederate soldiers who live in Kentucky. During his campaign for governor, he frequently told on the stump of the assurances he had that he would receive a large part of the Confederate vote of the State. Many undoubtedly did vote for him, and it seems fit retribution to those who did desert the democratic ticket in the time of its greatest need that they should receive a stone instead of bread from the man whom they helped into power. The governor also vetoed the act increasing the salaries of the State prison commissioners and the act providing for bank examiners.

SPEAKER CANNON finally got what has long been coming to him. The day of one-man rule is past and the sooner demagogues find it out the better for the country. The people are sometimes a long time in arousing, but when they do take notice, right is going to prevail. A great many believe the down fall of Cannon spells the election of a democratic House in the next Congress, and prospects for a president in 1912.

Lancaster.

W. K. Shugars, of Stanford, was over to see his father, Judge Wm. Shugars, Mr. R. Ziems, of New Liberty, Ind., was the guest of Mr. and Mrs. John Ballard. Mrs. Thos. P. Wherritt is at home, after a visit to her son, Claude Wherritt, at New Orleans. Misses Sue and Birdie Bourne are at home from a visit to Miss Lee Herring, of Lexington. Misses Grace Goode, of Hustonville, and Miller, of Hedgenville, were visitors in Lancaster the past week. Obituary.

David Thompson, who died at his home near Lancaster, on Feb. 25, 1910, was in many respects a remarkable man and possessed many excellent traits of character. He was born in Rockcastle county Nov. 2, 1844. On Dec. 22, 1865, he was married to Miss Caroline Snodgrass, four children being born to this union, two of whom survive—R. E., of Crab Orchard, and J. Wilkes Booth, of Garrard, five grandchildren also surviving.

He moved to Garrard county in 1882. His wife died Aug. 2, 1901. His great-grandfather was one of the first settlers of Kentucky, coming with Boone in 1774, his grandfather, David Warren, being the first male white child born in the territory now comprising Kentucky, his birth occurring at old Fort Booneboro in 1775, and his death in 1880, at the advanced age of 105 years. Joseph Warren, a leader in the battle of Bunker Hill, was a great uncle. Thus the deceased had the distinction of being a direct descendant from Revolutionary ancestry, and his firmness of character and allegiance to what he conceived to be right, in public or private life, proved him to be worthy of this distinction. He abhorred and detested corrupt practice or sharp methods in every walk or condition of life.

Personally, he was very attractive, courteous, affable, and possessed of strong mental powers. He was true to his convictions and had the courage to assert, advocate and defend them. By honesty, industry and consistent business methods he had accumulated considerable property, and it would be the part of wisdom to emulate his diligence and frugality in all temporal affairs.

DON VARRICK

This magnificent bred young stallion will make the season of 1914 at my stable near Stanford, Ky., on the Shelby City pike at \$5 to insure a living colt. Don Varrick is 16-2 a beautiful chestnut short back heavy bone in fact the biggest type of the trotter and perfect disposition. His sire is by the Onward Silver 2:35, that won the \$5,000 Transylvania in a seven mile race in 1907 and the same year won the \$10,000 Honner Memorial and the M. and M. all in broken heats and sold for \$21,000 and later for \$25,000. Don Varrick is bred exactly like Spinish Queen that won the \$5,000 Transylvania in 1908 making a record of 2:07 and was chased as one of the big four, being one of the greatest money winners on the grand circuit in 1908.

Onward Silver is by Onward, one of the greatest and best sons of George Wilkes. Onward's dam was the dam of Director, the sire of that great family of trotters and pacers. Don Varrick's last dam was by Wilkes boy, by George Wilkes a full sister to The Way 2:15, and half sister to Madeline Patchen the dam of Hubber 2:10, Winchester 2:19, Billy Wilson 2:20, and Miss R. 2:20, and dam Mary by George's Grey Eagle the dam of The Way and Madeline Patchen.

Don Varrick's dam produced Dr. Conner that paced a public half mile on the Lexington track at 14 months in 1903, and sold to N. W. Hubinger of New Haven for \$1,000, she also produced Maggie 1:20, that trotted a half mile on the same track at 16 months old in 1:11 and sold for \$500. Don Varrick is fast game and always on the trot, very rarely ever leaves his feet. In 6 weeks handling last Fall he trotted a quarter on half mile track in 3:02. See, half in 1:10 and the mile in 2:27, on the outside of track. Please note the rich inheritance on both sides, not a missing link for generations. Bred to this fellow and you can't miss the four things every breeder looks for size, disposition, speed and looks. See him before booking your mare. Season money due when mares are parted with or bred to another horse. Mares kept at 10c per day and all care taken, but will not be responsible for accidents or escapes. Don Varrick is a 2:10 trotter if he had the proper handling.

Also at same place will stand

Two Mighty Jacks Two.

CLIFTON and RUSSEL. Clifton is a black jack with light points, 4 years old last September, 15 1/2 hands high with a matchless head and ear, well set on a rangy neck, has plenty bone and substance and as a breeder he is not surpassed.

RUSSEL

Is a black jack with light points, 4-year-old last August, full 15 1/2 hands high with much flesh and notion as a horse, and as a breeder he is the equal of any jack. Both of these jacks will serve mares at \$10 to insure a living colt. Trading the mare forfeits the insurance. Care will be taken to prevent accidents, but will not be responsible should any occur. Jennets will be cared for after June 1st, and bred by private contract.
